

metaltechalley

Trail, British Columbia, CANADA

Timing is everything.

advanced materials opportunities
in metaltechalley we have limitless possibilities:

material

- Lead shot
- Lead granules
- Zinc shot
- Zinc sheet
- Silver nanoparticles
- Sputtering targets
- Antimony oxide
- Indium tin oxide
- Copper sulphate
- Zinc acetate
- Zinc borate
- Zinc ferrite
- Zinc iron sulphate
- Zinc oxide
- Zinc silicate
- Zinc stearate
- Zinc sulphide
- Antimony and lead tellurides
- Indium gallium nitride
- Indium hydroxide
- Indium nitride
- Indium oxide
- Nano-crystalline copper oxide
- Nano zinc and copper oxides
- Silver chemicals
- High purity sulphuric acid
- Nano particle zinc oxide
- Lead
- Antimony
- Arsenic (7N)
- Zinc
- Germanium
- Gold based alloys
- Silver based alloys (Cd free)
- Silver-germanium
- Zinc-copper
- ITO etchants
- Carbon / graphite

application

- Nuclear industry
- For oxygen sensors
- Kettle based galvanizing
- Architectural
- Fabric coatings, band aids
- PVD thin metal and oxide films
- Nanosize - flame retardant
- Powder, sputtering targets
- Algaecide
- Feed stock for zinc chemicals in medical applications
- Flame retardant
- Gas desulphurization
- Animal feed supplement environmental site remediation
- tire manufacturing
- Polymer/rubber industry feed stock
- PVC stabilizer
- Flame retardant
- Thermoelectric materials
- Semiconductor manufacture
- Battery manufacture
- Optoelectronics
- AIM/ITO sputtering targets
- Antibacterial/fungal agent
- Wood preservative
- Antimicrobial applications
- Electronics industry
- Sunscreen
- Sputtering targets, batteries
- Semiconductor manufacture
- Semiconductor manufacture
- Batteries, semiconductors
- Semiconductors
- Solders, pastes, wires for semiconductors
- Electrical contacts
- Tarnish free products
- Waste water treatment
- Indium recovery
- Batteries / refractories

Do you see an opportunity? Let's Talk.
